D.No. 9047/62.

1) P.U.D. is for perusal. Government in their order No. AFD 141 FAF 59 dated 24-4-1959 have ordered the release of an area of 113-31-0 (A G) of Irrigable area in F.S.No.1 of Korlakoppa for rehabilitation of the expropriated ryots and to reserve the remaining area of 100 acres of the same S.No. for forming a Central Wet Nursery and for raising irrigated plantation. But in G.O. No. AFD 141 FAF 59 Dt. 15-3-1962, an area of 30 Acres out of the area of 100 Acres reserved for the Department for raising wet nursery, was ordered to be released in lieu of 30 acres which was found to be not irrigable in the area of 113-31-0 (A G) ordered for release in G.O. Dt. 24-4-1959.

2) The total area of S.No. 1 of Korlakoppa is 292 Acres. Out of this 292 Acres, an area of 162-20-0 (A G) marked 'C' in the sketch is not irrigable and this will be retained by the Forest Department. The area marked 'A' measuring 53 Acres is required by the Forest Department for raising nursery. The Blocks marked 'B', 'D' and 'E' measuring 76-20-0 (A G) have to be released to the expropriated ryots. The C.C.F. has requested for the release of an Area of 76-20-0 (A G) out of the Blocks 'B', 'D' and 'E' from S.No. 1 of Korlakoppa as per the the sketch enclosed for perusal, for rehabli - tation of the ~~expropriated ryots~~ displaced persons . The other areas, i.e., 'A' and 'C' will be retained by the Forest Department.

3) It is also reported, that Block 'A' proposed to be retained by the Forest Department, the R.D., have

issued Saguvali Chits to some persons and particularly one of the grantee, Sri.Abdul Rahim has filed a suit against the D.F.O., Bhadravathi and his staff in the Court of Munsiff Magistrate, Bhadravati for having not allowed him to enter the land. The Public Prosecutor, Shimoga is appearing on behalf of the Department. Hence C.C.F. requests sanction of Government for engaging the Public Prosecutor on behalf of the Forest Department. Any how, the Special Officer for Rehabilitation is aggreable to allot lands to these people elsewhere.

However, after the release of an area of 76 Acres 20 guntas from S.No.1 of Korlakoppa, the file may be referred to R.D. w/r to para 3 n/f for further action. (4)

However, before release of the Area, R.D., may see for remarks, if any. (Ref: para 2 n/f) (5)

Sir,

Sub:-Release of Forest land in S.No.1 of Korlakoppa-assignment to expropriated ryots of Bhadra Reservoir submersion area.

Government in their order No.AFD 141 FAF 59 dated 24-4-1959 ordered the disforestment of 113 acres 31 Guntas of irrigable area in F.S.No.1 of Korlkoppa, Bhadravathi Taluk for rehabilitating the expropriated ryots and to reserve the remaining 100 acres of the survey number for forming a Central Wet Nursery and for raising irrigated plantations. But subsequently according to the recommendation of the Three Man Committee constituted in connection with the release of forest lands to displaced persons, an area of 30 acres out of the 100 acres reserved for this Department was ordered to be disforested as per Government order No.AFD141 FAF 59 dated 15-3-1962 in lieu of 30 acres which was found to be not irrigable in the area of 113 acres 31 guntas referred to above.

MYSORE GOVT. SECRETARIAT
No. 14
17 NOV 1962
REVENUE, FOREST DEPT. (TAPPAL SECTION)

The total area of S.No.1 of Korlakoppa according to the Revenue records and the Government Notification is 213 acres 31 guntas and on this information the previous reports were based. But on re-survey of the S.No.1 by the Revenue and Forest Surveyors, the total area has been arrived at 292 acres. Out of this 292 acres, an area of 162 acres 20 guntas marked 'C' in the sketch is not irrigable and this will be retained by this Department. The area marked 'A' measuring 53 acres is required by this Department for raising nursery. The blocks marked 'B', 'D' and 'E' measuring 76 acres 20 guntas have to be released to the expropriated ryots. The special Officer for rehabilitation is also agreeable to this proposal. In this connection copies of reports along with a sketch of the area received from the Conservator of Forests, Shimoga Circle, are enclosed for perusal. In the above circumstances, I request you kindly to communicate orders of Government for releasing only 76 acres 20 guntas from S.No.1 of Korlakoppa to the displaced persons and to retain the remaining area by the Forest Department.

In Block 'A' proposed to be retained by this Department, the Revenue Department have issued Saguvali Chits to some persons. One of the grantee Sri Abdul Rahim has filed a suit against the District Forest Officer Bhadravathi and his staff in the Court of Munsiff Magistrate, Bhadravathi for having not allowed him to enter the land. The Public Prosecutor, Shimoga is appearing on behalf of the Department. Hence sanction of Government for engaging the Public Prosecutor on behalf of this Department may also kindly be communicated early. The special Officer for Rehabilitation is reported to have agreed to allot lands to these people elsewhere.

Yours faithfully,

Chief Conservator of Forests. 15/11

Sir,

Sub: Release of forest land in S.No.1 of Korlakoppa assignment to expropriated ryots of Bhadra Reservoir submersion area.

Ref: Your letter No. B3.319-3060/58 dated 25-6-1962 addressed to Government and copied to this office.

It was reported previously that S.No.1 of Korlakoppa Village consists of an area of 213-31 acres of land. Government in their No. AFD 141 FAF 59 dated 24-4-1959 ordered the release of 113.31 acres for expropriated ryots and to reserve 100 acres for wet nursery etc. for the Forest Department. No agreed sketch demarcating these two areas, is available either with the Forest Department or the Rehabilitation Department.

2. Out of 113.31 acres, an extent of 80.31 acres were measured and taken up by the Revenue Department. They wrote that 30 acres is not irrigable and the Special Officer for Rehabilitation requested for 30 acres more from irrigable area in lieu of the non-irrigable 30 acres. This was agreed to by the Three Man Committee on 4-7-1961, and Government also ordered the release of the same in their Government Order No. AFD 141 FAF 59 dated 15-3-1962. Subsequently Government were addressed by you requesting for cancellation of the additional release of 30 acres.

3. Meanwhile the Revenue Department phoded and handed over the area to the grantees. It was noticed when one of the grantees started clearing the forest, that the area was the one actually required by the Forest Department for expansion of the existing wet nursery due to large-scale plantations taken over by the Department. There was no other place for its expansion as a large area having since been found un-irrigable. The existing nursery was also inspected by you during May and as per your instructions a well work and expansion of the nursery is in progress.

4. The area in question was again inspected jointly by me, the Special Officer for Rehabilitation, Shimoga, the District Forest Officer, Bhadravati, and the Tahsildar, Bhadravati, on 22-6-1962, on a representation of the parties. The area was also surveyed both by the Surveyor's attached to the Forest Department and the Special Officer for Rehabilitation, Shimoga. On inspection, it was found, that the entire area marked 'A' (shaded with green colour in the sketch attached) on either side of the existing nursery had to be earmarked for its further expansion in view of the large nursery stock required for the increased afforestation around Bhadravati. The areas marked 'B', 'D' and 'E' (shaded with blue colour) which are irrigable have to be conferred to the grantees and the area marked 'C' (not irrigable) to be retained by the Forest Department, for afforestation.

5. The actual extent of S.No. 1 of Korlakoppa as per Survey made in 292 acres (and not 213.31 acres). Out of this 292 acres, an extent of 76 acres 20 guntas of land as detailed below has to be conferred to the grantees.

Area marked as 'B' (with blue colour)	...	54-20 acres.
Area marked as 'D' (with blue colour)	...	20-00 -do-
Area marked as 'E' (with blue colour)	...	2-00 -do-
Total:		76-20 Acres.

The Special Officer for Rehabilitation, Shimoga has agreed to take 76-20 acres of land in the above S.No. A copy of his letter dated 22-8-1962, is enclosed herewith for kind perusal.

I, request, that orders of Government for releasing 76-20 acres in S.No. 1 of Korlakoppa, in supersession of previous Government Order's Nos. AFD 141 FAF 58 dated 22-4-1959 and AFD 141 FAF 59 dated 15-3-1962, may kindly be obtained and communicated early. This results in withdrawals of Saguvali chits to 12 persons in Block 'A' issued by the Revenue Department which has been agreed to by the Special Officer for Rehabilitation who would be accommodated elsewhere.

One of them who has ~~x~~ cleared the growth will be paid the clearance charges as per rules by the Forest Department as anyhow the area had to be cleared for establishment of nursery by this Department.

Yours faithfully,

(Y.M.L. SHARMA),
Conservator of Forests.

With reference to the above, I write to state, that the sketch prepared by your staff is correct but the irrigable extent noted in the sketch is not correct. As per actual field survey ~~Block~~ Block No. 'B' measure 54-20 acres, Block No. 'D' means 20-00 and there is also 2-00 acres of irrigable land available in a corner in the eastern portion between Guni Narasipura and Antharagange. Totally 76-20 Acres of land has to be handed over to this Department. A sketch of the area prepared by the Special Revenue Surveyor and signed by me is enclosed herewith for your ready reference and for early needful action.

Sir,

Sub: Release of Forest land in S.No. 1 of Korlakoppa - Assignment to expropriated ryots of Bhadra Reservoir submersion area.

Ref: Your letter No. B3. 319-3060/58-59 dated 24-9-62.

I have already reported in my previous letter of even No. dated 7-9-62 that an area of 113 acres and 31 guntas of land was handed over to the Revenue Department on 30-6-59 reserving the balance area of 100 acres for this Department for raising nursery and irrigated fuel plantation, as per G.O. AFD FAF 59 dated 24-4-59. But during the course of survey and distribution of lands, it was discovered that the area reserved f the Forest Department had also been marked with Bhands and ston and allotted for cultivation by Revenue Department. There is a small nursery already raised in this area and this has to be extended with another well as per your orders to meet the requirements of increased seedlings supply for afforestation work. When it was discovered that the area required for the nursery was phoded for cultivation by the Revenue Department the Special Officer and myself jointly inspected the area and found that all the area released for them was not irrigable and cultivator had cleared the area earmarked for the Department. There was no clear sketch available indicating the areas released. We ordered a resurvey and found that only 76.20 acres were to be released to the Revenue Department, reserving the area below the road for expansion of nursery and that a few persons who had started clearing would be given lands in alternative area elsewhere by the Special Officer.

As per the Revenue records and Government notification the total extent of S.No. 1 of Korlakoppa was 213 acres 31 guntas. On a resurvey and by the Revenue Surveyor, the total extent availabl in this S.No. is 292 of which nearly 162.20 acres forms dry land non irrigable and hence of no use for cultivation. The area that would be actually useful for the department out of entire area marked 'A' below the road would 53-00 acres for a nursery. This is therefore necessary. Government have to be anyhow approached for revision of the orders unless we forego our claim for extension of nursery as approved by you during your last visit, where work has already been started. Of course on starting the well work one of the cultivators has filed a suit but this is being contested as the Revenue Department has erred in alloting him land in the area reserved for nursery. The Public Prosecutor is appearing on our behalf. I request you kindly to address the Government in the matter and obtain orders early as the Special Officer himself has agreed to this revision and there should certainly be no objection for us to write to Government when the area is not irrigabl at all.

Yours faithfully,

Present: Shri B.R. Aswatharam, B.Sc., LL.B., Munsiff Magistrate Bhadravati.

I Party: Abdul Rahim s/o Mohmed Eyath Sab, aged 28 years Agriculturist B/o B.H. Road, (Cross No.3) Bhadravati.

IIParty: 1. Forest Department, Bhadravati by the District Forest Officer, Bhadravati Division, Bhadravati.

2. Sri K.P. Madappa, Range Forest Officer, Bhadravati.

3. Obedullakhan (Father's name is not known to the 1 Party) Major, Bamboo Contractor, Channagiri Road, Bhadravati.

ORDER.

1. The petitioner has stated these proceedings under section 145 Cr.PC He has approached the court on the allegation that he was granted two acres of land in Block A in survey No. 1 of Koralkoppa village as an expropriated ryot under Bhadra Reservoir scheme; the grant in his favour is dated 8-6-60 and a Saguvali chit in that behalf was granted to him on 4-12-60, subsequently the surveyor of the Revenue Department came to the spot measured out the land, demarcated the boundries and put him in possession of the indentical plot of two acres in Block A; eversince he has been in possession and enjoyment of the land; he has cleared the land of rank vegetation and rendered it fit for cultivation after investing his toil and money to the extent of Rs. 600/- on that work; as things stood at that, the officials and the Forest Department began to lay a claim on this land; the 3rd member of the 2nd pary came on the land and began to execute excavation work in order to dig out a well under the colour of an order or contract granted to himby the 1st and 2nd pary and the orders of the 1st and 2nd members of the 2nd party amount to invasion ofhis land contrary to the law. He has also stated that under such circumstances he will become completed to protect his land; any such acts, in furtherance of such protection are likely to lead to a breach of the peace. The 1st party has therefore requested this court to protect his possession from the interference of the 2nd party. To the same effect the first party has filed an affidavit. The 2nd party came on record. They have filed a common written statement. Further the 2nd member of the second party has filed an affidavit incorporating almost the same facts averted in the written statement. The first member of the second party is the Forest Department, Bhadravati represented by the Forest Officer, Bhadravati Division. The 2nd member of the second party is Shri K.P. Madappa the Range Forest Officer, Bhadravati. He has averted in the affidavit that whatever he has done in the particular land, has been done by him in exercise of his official duties and not in his personal capacity. According to the affidavit and the written statement of the 2nd party the identity of the plot is denied. They have also denied their acknowledge of the grant of any plot of land to the 1st party by the Government. It is however admitted by the 2nd party that survey No.1 of Koralkoppa village consists of 213 acres and 31 guntas of land and the entire extent belonged to the Forest Department; out of that total extent an area of 113 acres and 31 guntas was ordered by the Government to be released to the Revenue Department for being granted to the expropriated ryots of Bhadra Reservoir project; accordingly the area commencing from the eastern side of the survey No. from Antaragange village boundary side westwards was released to the Revenue Department; the demarcation was done by the Forest surveyor and avertical line was drawn showing the western boundary of the part to be released. It is vehemently asserted that this plot alone was released by the operation of the Government order of the year 1959. Further it is averred that the plot of land which the 1st partyclaims.

contd...2

presently is not included in the area that was releas-ed to the Revenue Department and as such the land in question is not an d was not and hasnot been at any time in the possession of the 1st party. It is further averred that the remaining portion of the survey No. on the western side to the extent of 100 acres is a portion on which is a nursery of the Forest Department. The 2nd party further claims that in pursuance of their claim to bring up a central nursery of Bhadravati division which was proposed to dig out a well in some place within the reserved area of 100 acres; when the 3rd member of the 2nd party went to dig out the well as a contractor of the department the 1st party raised objections; it is asserted that the 1s t party raised objections; it is asserted that the 1st party hasabsolutely no right title or interest on this indentical land. In addition to these affidavits the 1st party hasfiled another affidavit of one Bommegowda. He only states that he has been also granted a plot of land adjancent to the land granted to the 1st party in Block A.

2. Although the Forest Department denies the knowledge of the grant of a plot of land in survey No.1 to the petitioner, it is tacitly admitted in the affidavit that the 1 st party was in fact interested in a plot of land in survey No.1 Further the 1st party has produced a certified copy of the Saguvali chit in his favour by the Tahsildar. The saguvali chit shows that he was granted two acres of land in Block A of survey No.1 of Koralkoppa village. The Saguvali chit bears date 4th December 1960. Although there is a column meant for putting down the boundaries in the Saguvali chit that column is left blank, The saguvali chit thus does not show the location of either block No. A in Survey No1 of the plot granted to the 1st party in Block N. A. It is said that the 1st Party was put in possession of the land by the surveyor. No document is placed before the court in that behalf. The 1st party hasnot placed sketch drawn by the surveyor at the time of measurement or demarcating the boundaries of the plot shown to the 1st party. There appears to be genuine dispute regarding the indentity of land itself. According to Forest Department the land granted to the 1st party could not be situated at the place where the 1st party has been trying to set his foot now since the same has been reserved for the nursery and altogether a different plot was released for the grants to expropriated ryots. The affidavit filedby Bomme Gowda does not help the 1st party to remove this doubt. Bomme Gowda hasmerely claims to be a person who was granted a land adjoining that of the 1st party. There is nothing in his affidavit or the saguvali chit filed by him to show that his land atleast is situated by the side of the land granted to the 1st party. His saguvali chits also blank so far as the boundaries are concerned. He has also not placed any material showing that the identical plot was to be in his possession by the surveyor. Further his affidavit appears to be opposed to truth in its very element. He has sworn to the affidavit on 15-11-62. It is alleged by the 1st party himself that the second party members try to interfere in hispossession of land by digging out a well a few days prior to 13-8-62, when he filed the petition to this court. It is stated by the 2nd party members and affirmed by second member of the 2nd party in his affidavit that they have refrained from taking up any further work on the landpending. the present dispute. But according to Bomme Gowda since a week prior to 15-11-62 the members of the 2nd party have tresspassed on the 1st party's land have been defying the rights of the 1st party in the land and the 2nd party members have taken law in their hands and they have commenced digging of the well. Thus he has sworn to the facts which are not claimed or relied on by the 1st and 2nd party members themselves. His affidavit therefore is not of any use to the 1st party. It was possible for the 1st party to place the sketch of the land which was granted to him before the court. The sketch is a public document since the Revenue surveyor drew it according to him alone. He should have been able to get a certified copy of the sketch. The omission of the 1st party to place the relevant records regarding the

contd.....3.

19 29

the demarcation of the boundaries of the location of the plot claimed by him has paralysed his case. With the material placed before the court it is not possible to rule with certainty that the plot granted to the 1st party under the saguvali chit dated 4th December 1960 and the plot on which he is pres ently ~~lying~~ laying his claim are one and indentical. If that is so it islikewise not possible to say that he has been in possession of the plot of land which he claims presently.

3. The next cons-ideration is to find out if there is any likelyhood of the breach of the peace and to ascertain whether the facts and circumstances in the case warrant interference of the court by invoking the provisions of section 145 Cr.P.C. The 2nd party members are public servants except the 3rd member. They are all trying to exercise their functions in the official capacity. Immediately after the petition was filed before the court the work appears to have been stopped. The 2nd member of the 2nd party has ~~xxxx~~ sworn in his affidavit that there is no likelihood of any breach of the peace and he has stopped the work of digging out the well. It is further averred by him that the 1st party has absolutely no grounds to ask for the protection of the court. When the 1st party has not convinced the court of the indentify of the plot and his consequent posession thereof, he ~~xxxxxx~~ is not entitled ask for the pretection of the court in that regard. If any breach of the peace arised by virtue of his obstruction to the lawful acts of the 2nd party, the 1st party alone would be responsible for that eventuality. The provisions of section 145 Cr.P.C. are ~~xxx~~ not meant for giving protection to a person in wrongful possession of property and to prevent lawful acts of the persons who are in lawful possession of the property. However I do not see any likelihood of the breach of the peace in the area.

4. For the foregoing reasons the petition is dismissed.
